

Advancing the **COMMON GOOD**

Souris Valley United Way's vision in fulfilling basic human needs encompasses our entire community, bringing us all together for the purpose of assisting with food, shelter, wellness, dignity, self-worth and the opportunity to be independent.

Our vision in fulfilling basic human needs is assistance for those in need to encourage their development on the road to being self-sufficient.

We invite you to be part of the change.

Together, united, we can inspire hope and create opportunities for a better tomorrow. That's what it means to **LIVE UNITED.**
