

EDUCATION

Ben and his mom read together daily. "Each monthly book is a reminder to invest more time with our child doing learning activities and reading." Imagination Library is an early literacy program which provides books to preschool age children in our community.

FINANCIAL STABILITY

Emergency services in our area help provide shelter, food and rent assistance for individuals. Seth was injured on the job and lost his housing. "A local shelter program provided temporary housing while I recovered and I am now employed and living in my own apartment."

HEALTH

Besides getting adequate meals, Carol also receives personal contact and is checked on every day by a volunteer delivering her meal through a local food and wellness program. "The volunteers are outstanding and I enjoy the daily visits with them."

You love it here and so do we. In truly great communities, people take care of each other and invest in resources the community needs. Instead of focusing on one single cause or issue, we support many causes to help our community as a whole.

VOLUNTEER. GIVE. TODAY.
